### 80 ATTENDED ANNUAL MEET TUESDAY NITE

**Report Shows Association Has Had Prosperous Annual Business In Randall County**

**DIRECTORS NAMED**

**J. B. Fox and G. G. Foster Tell Stockholders of Conditions of the Association**

Members of the Canyon National Farm Loan Association held the annual meeting of the organization Tuesday night at the Methodist Church, the directors providing a turkey dinner for 80 who attended.

J. B. Fox, president of the association, was in charge of the program.

At the close of the program directors were re-elected as follows: J. B. Fox, J. W. McCrerey, H. M. Rockwell, E. A. Brown and J. P. Hix.

According to the report of G. G. Foster, secretary, there are 347 members of the association who have loans amounting to $1,751,130. The association has been forced to foreclose on only one farm in the county, the loan amounting to $541.67. There are only 30 delinquent members, who owe $13,140.47, approximately half of which is for taxes.

Mr. Fox explained that the Federal Land Bank had not paid dividends on the capital stock since the interest rate would be reduced to 3½ percent beginning July 1.

J. R. Murray of Houston, attorney for the Bank, was present and

### Officials Ask For WPA Money in Meeting Held on Friday

Delegates numbering 250 from 58 West Texas counties met in Lubbock Friday to petition congress to pass an appropriation bill immediately to continue WPA. A delegation was sent to Washington asking this aid.

County Commissioner G. B. Heath attended the meeting from Randall county. Mr. Heath states that county and city officials were joined by chambers of commerce officials from this section in the urgent appeal for more funds. Owing to the rapid recovery in the east, where WPA is no longer needed, it was feared that the money would not be made available for this section which has suffered so greatly from the drouth.

WPA money is expected to run out about Jan. 23 and congress is being urged to speed up the appropriation before that time. Few counties in West Texas are in position to care for the heavy relief burden that would be imposed upon them should WPA be disbanded during the winter months.

### Applications For Notary Should Be Made With Senator

Those wishing to be appointed Notary Public for the coming two years should make application with Senator Clint C. Small at Austin. Representative G. H. Little will handle the application if it is more convenient to make application through him.

The appointments for notary will become effective July 1, 1937.

### Buffs Found Hard Going On Trip to East Texas Area

**Lost All But One Game and Ran Into Snow, Sleet and Rain Every Step of Trip**

Disaster met the Buffaloes on the trip to East Texas. Not only was the weather very much against the team in each and every game played, but the team was off form to the extent of dropping four of the five games played.

The team played at Commerce Friday and Saturday, winning the second game.

Both games were lost at Nacogdoches Monday and Tuesday. The fifth game was lost at Huntsville last night.

Rain, sleet and snow followed the team throughout the trip, making disagreebale conditions for the boys from West Texas who are accustomed to a high, dry atmosphere.

The team left for home this morning.

### Canyon Club Will Start Work Building a Club House

A stone club house will be built by the Canyon City Club, work to start immediately and to progress as rapidly as funds are provided.

At the meeting of the stockholders Monday night the project was approved. The directors have been getting out rock for several weeks preparatory to starting construction of the house as soon as possible. Excavation on the basement will be started at once.

Materials from the old club house will be utilized in the construction of the new building.

A scenic drive has just been completed around the grounds, making all parts of the golf course accessible to cars.

Directors re-elected Monday night were: Ross Craig, E. Burroughs, J. L. Duflot, Ed Mickle, Carl Scott, O. W. Gano, and W. E. Lockhart.

### Faster Train Time Started By Santa Fe to California

The Santa Fe started a faster train schedule between Chicago and Los Angeles Sunday, cutting the time between the two points. Dining car service was added to the fast trains in order to save the time of passengers.

Only slight changes in time were made so far as Canyon is concerned. No. 1, west bound, goes through only two minutes earlier, at 12:43 a. m.

No. 2, east bound, comes 17 minutes earlier, at 4:28 a. m.

The greatest change was made in the time of No. 96 from Sweetwater, this train now coming at 3:35 p. m. instead of 4:35 p. m.

### Father of Carruth Seriously Sick at Rockport on Gulf

Irby Carruth received a message Friday that his father, R. E. Carruth, had suffered a stroke of paralysis at Rockport. Irby and his brother, Adrian, of Olton left immediately, arriving Saturday night.

Mr. Carruth was spending the winter on the Gulf and none of his family was with him when he became ill.

A. H. Hunt was laid up with illness Monday and Tuesday, unable to be at the Canyon Grocery.

**Coldest Wave of Winter Sends Mercury to Zero Thursday Night, With Little Snow**

**MOISTURE IS .15**

**Snow and Sleet; Lightning and Thunder All at Same Time Thursday Night**

Zero weather was reached in Canyon Thursday night, accompanied by sleet and snow. The moisture resulting from the snow amounted to only .15 of an inch in Canyon, but was heavier in both north and south portions of the county.

A most unusual weather phenomenon occurred Thursday night which old timers say they have never before witnessed. As the snow and sleet fell, lightning played over the skies to the south and thunder was heard at various times during the evening.

The temperature moderated rapidly Friday, the coldest Friday night being 19 degrees above.

Heavy frost covered the trees, telephone posts and wires Monday morning, but the temperature continued to rise.

### Wayside Plans For Dam in Palo Duro For Conservation

A conservation dam is being planned by the citizens of Wayside in the Palo Duro canyon. This project will be submitted to the Panhandle Conservation group in its meeting in Amarillo.

John McGehee was in Canyon Saturday talking with citizens regarding the project. He wishes to make this the largest project in the Panhandle owing to the large amount of water which goes down the Palo Duro.

A number of citizens from this section inspected the proposed site Sunday afternoon.

### *Sponsor Wanted For President's Birthday Ball*

Randall county is urged to participate in the President's Birthday Ball, and some local organization is asked to sponsor the ball.

The News received a telegram from New York last night stating that Canyon was among the few towns of this section which has not announced a Birthday Ball.

It is requested that some organization volunteer today to accept the official appointment and to hold the Birthday Ball. The proceeds is used to fight infantile paralysis from which President Roosevelt was crippled several years ago. Any organization wishing to sponsor the ball is asked to call The News immediately.

### Uncle Dick Evans Killed Tuesday in Automobile Wreck

James Meredith "Uncle Dick" Evans, 67, died Tuesday afternoon at 5:30 o'clock south of Happy as the result of an automobile accident. A witness to the car wreck stated that Mr. Evans started to drive faster and faster, and the car swayed from side to side before going into the ditch. It was evident he suffered a heart attack while driving.

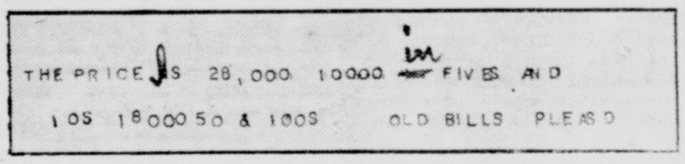
Mr. Evans has been a stock man and business man in Happy for the past 37 years.

Two daughters survive: Mrs. Hugh Holland and Mrs. Sam La Roe, both of Happy. There are three brothers of the deceased: H. C. Evans of Happy, Joe Evans and John Evans, both of Reeder, Ark.

The funeral services were held yesterday afternoon at the La Roe home, conducted by Rev. T. D. Sumrall of Amarillo and Rev. M. M. Robinett of Floydada.

R. F. Hinchey of Lubbock was a business caller in Canyon Tuesday.

## KIDNAPPED BOY MURDERED



An anxious nation is watching developments in the kidnapping case of 10-year-old Charles Mattson of Tacoma. The body of the boy was found Monday frozen in the snow. He had been cruelly murdered. President Roosevelt offered a reward of $10,000, which reward is being supplemented from over the nation. Top photo shows a rear view of the Mattson home and the route taken by the abductor. Center, left to right, are Dr. William W. Mattson, father of the kidnapped boy; Charles, togged in his cowboy outfit a few days before adbuction; and Mrs. Mattson. Below is a facsimile of a portion of the ransom note left by the adductor, demanding $28,000.

**HARVEY CASH IMPROVES FOLLOWING HIS OPERATION**

Mrs. Harvey Cash returned Thursday from Dallas where she has been with her husband, who underwent an operation last week.

Mr. Cash is improving in a satisfactory way. He will stay in the hospital for ten days, and then move to a hotel for ten days before returning home.

W. C. Johnson of Dallas spent Tuesday night here with his father, B. T. Johnson.

### High School Eagles Defeat Sandies In Basketball Game

**Last Night's Game Played at Amarillo Is Easily Won by Eagles With Score 32-20**

The Canyon Eagles handed the Amarillo Sandies a defeat in basketball last night on the Amarillo floor with a score of 32-20.

The Eagles held a lead of 20-9 at the end of the first half, and throughout the game showed a much superior brand of basketball. At no point of the game did the Amarillo team lead the Eagles.

### Hill Takes Money Needs to Opening Session Legislature

President J. A. Hill is in Austin this week to file with the legislature the emergency needs of W. T. $15,000 was estimated to be needed at once to carry on the state's part of the WPA projects which were underway on the campus. Visiting legislators to the campus several weeks ago expressed approval of an appropriation to finish the work on Buffalo Courts, Recreation Hall and the Buffalo Stadium.

Other emergency needs will be presented by Dr. Hill.

Presidents of the various state colleges met in Fort Worth Saturday where plans were discussed as to the method of handling the Will Hogg loan fund. Checks were recently mailed to all of the state colleges of Texas for $25,000 each. The trustees for the W. T. fund have practically decided to use only the interest from the $25,000 for loan purposes. A uniform system will probably be adopted by all of the colleges in handling the fund.

Mr. Hill spoke at the Rotary Club luncheon in Uvalde Tuesday.

Prof. T. M. Clark is teaching at Cisco in Randolph College since the Christmas holidays.

## MAY BE SENT TO THE STATE REFORMATORY

**Two Criminal Cases Are Tried in the District Court During the Past Week**

**Negro Gets 10 Years on Assault Charge: Mike Allred Case Is Set For Today**

James Fred Fogg was proven to be of juvenile age in district court Tuesday and will be tried in juvenile court for the assault two weeks ago yesterday upon E. F. King, former superintendent of the Canyon Schools. Fogg lacked only 32 days of being out of juvenile age. The extreme penalty that may be imposed upon him is a sentence in the reform school until he is 21 years of age.

The parents of young Fogg brought records into court proving that he was still a juvenile.

While the case may be tried either in district or county court, it was indicated by the attorney of young Fogg that he will probably remain in district court and enter a plea of guilty this week, taking the reform school sentence of four years, until he reaches 21.

Ross Lancaster, negro, was tried Monday. He demanded a jury and was found guilty of assault with intent to murder a white woman in South Amarillo. The penalty was set at 10 years in the penitentiary.

Lendell King of Happy plead guilty yesterday of driving while intoxicated. He was fined $50 and had his drivers' license forfeited for 90 days.

The case against Mike Allred was set for yesterday, but owing to illness of the attorney, the case was postponed until today.

Other cases tried this week were:

Wayne Realty Co. vs. Elias E. Mauldin, et al, judgment by default.

Panhandle Construction Co., vs. Estate of W. F. Heller, et al, judgment by default.

Ben Clark vs. Alice Clark, divorce granted.

### Cold Wave Stops Dam Meeting on Thursday Night

With the mercury hovering around zero, and snow and sleet filling the air, the proposed country wide meeting called for last Thursday night was called off by W. A. Warren, county chairman.

Mr. Warren stated that the purpose of the meeting was to list all of the lake projects possible in Randall county before the general panhandle group meeting was held in Amarillo today.

From recent information received, the Panhandle Conservation movement feels certain that approval will be received of the program which is being formulated in this section. It is pointed out that farmers in New Mexico have been given money by the government to build dams for the purpose of conserving the water of that state. The same condition that exists in New Mexico prevails in the Panhandle.

### First National Bank Names Directors and Officers on Tuesday

The annual meeting of stockholders of the First National Bank was held Tuesday.

Directors were re-elected as follows: R. H. Wright, W. C. Black, Grady Oldham, L. W. Cole, Oscar Hunt, Newton Harrell and Clyde W. Warwick.

The directors organized by electing officers:

President, R. H. Wright.

Vice Presidents, Grady Oldham and Oscar Hunt.

Cashier, W. C. Black.

Assistant Cashier, L. W. Cole.

Death on the highways continues at an alarming rate. Governor Allred has appointed a Traffic Safety Committee which will make a study of traffic problems in Texas. Many who have studied this problem are of the opinion that death on the highways will continue at an alarming rate until automobile factories limit the speed of cars to 50 miles per hour, and big freight trucks are taken off the highways. The speed element on the open highways of the nation is responsible for a large percent of the accidents. There is the urge to open up the new car when a clear stretch of highway is hit. The driver may not know that a dangerous curve awaits him, or that a truck is just over the rise; the urge is to step on the gas and see how fast the new car will go. The public little realizes how many more people are killed annually by car wrecks than were ever killed in wars. Property loss by car accidents reach a staggering total—all of which could be eliminated if people would only learn to drive carefully and respect the rights of others on the highways.

The legislature opened Tuesday and the members have started on a hard four-mounths grind. The legislative program of necessity is a heavy one. Texas has grown into a young empire with expansive and complex interests and problems. These interests are so diversified that it is a real education to be able to understand all of the problems confronting the various sections of Texas. One-third of the House members are under 30 years of age, and are very largely without legislative or business experience; two-thirds are under 40 years of age. Practically all of the remainder are above 50 years of age, with 20 of the 150 above 55 years. There are 11 new senators. Old age pension, social securiay, taxes on natural resources and other forms of taxation, tenant farm legislation, unemployment, relief, appropriations—all of these are on the door-step of the legislature and action must be taken. There will be plenty to do under the big dome at Austin during the coming months.

Labor troubles are rapidly spreading over the nation. Most of the trouble is fomented by radical labor leaders who have preconceived notions of their very great prominence in the nation, and over-estimate their importance to their unions. The leader who orders out men who are receiving a liveable wage, and who are happy in their labor, is no friend of the men whom he represents. Most of the labor disputes for recent months are over trivial and inconsequential points. The laborers have lost millions of dollars in wages, while the manufacturers have had to allow their plants to remain idle during the early days of recovery. Both are losing by the strike, while the public is being deprived of goods which it could use and for which the people are willing to pay. There should be a more sensible method of settling labor disputes than by the use of strikes in which all concerned takes a tremendous loss.

There is always a disposition on the part of the citizens of Texas to allow their poll taxes to go unpaid on years when elections are not to be held. This is wrong. The poll tax is not simply a device for election years, but is a very, very necessary tax so far as the public school fund is concerned. Furthermore, for the man or woman who owns property there is no way to escape the poll tax payment. It is a levy on the personal and real property which one may own, and eventually the tax must be paid. The school fund needs the money this year, not next year. Furthermore, it is almost certain that a special election will be held in Texas during 1937 on constitutional amendments which will be proposed by the present session of the legislature; elections in the school district and other special local elections will be held and those without a poll tax receipt will not be allowed to vote. Pay your poll tax during January.

Governor Allred pinned another feather in his political cap in the appointment of Robert Lee Bobbitt as chairman of the highway commission. Allred defeated Bobbitt for attorney general, after Bobbitt had been appointed to that job by Dan Moody. Instead of souring on the world and Allred in particular, Bobbitt became a most ardent admirer of Allred, and assisted him in his two races for governor. Bobbitt was then appointed to a good job on the Court of Civil Appeals by Allred, and would likely have been able to hold it for a number of years to come. He accepts a harder job at less salary when he goes to the State Highway Commission. Allred has used good judgment in the selection of his public servants; those whom he has appointed are making good and reflecting honor upon his administration.

President Roosevelt is the master politician. He will make a series of talks to congress instead of handing out one long speech which will soon be forgotten. His first appearance before congress last week indicates that congress is with him, and that in spite of the much rumored revolt against his authority, the President will maintain the whip handle over the membership. Why not? That is the rule of politics. A vast majority of the Democratic members of congress owe their jobs to the popularity of President Roosevelt. Democratic members from the doubtful states rode into office on the tidal wave of popularity of the President, rather than upon their own merits. They must stand for re-election in 1938 and need presidential support. The head should wag the tail; in this case congress is very much the tail.

Governor Allred recommends the repeal of the law legalizing horse race betting. Public gambling is the great curse of the day. If horse race betting is to be legalized, then why not open up the whole field of gambling, legalizing every phase, including lotteries and a national sweep stake? Why arrest the nigger crap shooter in the alley when the white man walks up, planks his cash on the ponies in broad daylight, and is protected by the law of the state? If the state wants to make money from gambling, the surest method is to legalize all forms, and let those who wish an easy method of disposing of their earnings to shoot the wad as they see fit. Governor Allred is right. The State of Texas has no business endorsing this great gambling craze by making horse race gambling legal.

Republican leaders are more worried regarding the future than they are willing to admit. The young voters are Democratic in tendency. They voted for Roosevelt because he is the first president who has ever attempted to do anything for youth. The youth who deserted the Republican ranks in 1932 and again in 1936 will be joined by youths who will be aided by the administration up until 1940. That makes a very sizeable block of votes in favor of Democracy, which will be hard for the Republicans to overcome. John Hamilton's job of paying off a million dollar debt is nothing to be compared with his job of corralling the wayward youth who may be solidly Democratic in 1940.

Bank statements all over the nation show improved conditions. There is more money in the banks than six months ago, which means that producers have made more money than they have in the past. When this money is put to use by its owners in the way of developing new business and new enterprises; building, repairing, improving; real prosperity starts in earnest. As mere holders in trust of this money, the banks cannot loan it excepting to those who have ample security that will guarantee that the loan will be repaid on the date contracted. It is up to the owner of this increasing amount of money to put it to work.

Many who employ labor are confused over the new Social Security law. The federal government requires all who employ one person or more to participate under the new law. Confusion probably exists as between the state and federal laws. Employers should take the safe route and investigate immediately if they are not sure regarding the Social Security laws.

Did you ever see a more beautiful sight than that which met the eye Monday morning, as the trees hung heavily with frost? Each tree resembled a Christmas tree as the sun came up and the frost sparkled like millions of precious jewels.

## As Sitdowners Held Auto Plants

Demanding a 30-hour week, a minimum wage, and recognition of United Automobile Workers of America as the collective bargaining agency for all General Motors employes, thousands of union auto workers staged sitdown strikes in General Motors plants in Flint, Mich., Cleveland, Toledo, Detroit, Atlanta, and other cities. Alfred P. Sloan, president of General Motors, labeled the strike a "violation of law and order," and denounced "dictatorship" of labor unions. Here, a striker's wife is shown at the Fisher Body plant in Flint bringing her young son to see his father. "Sitdowners" remained in the plants day and night.

## Phillips Reports Greater Safety In Visiting Mexico

A motor trip can now be made to Mexico City with a greater degree of safety and comfort, reports Frank R. Phillips, head of the Agriculture Department of West Texas State, who has just returned from that city.

"The highways are in excellent shape, with only sixty miles of unpaved roads on the thirty-five hundred mile tour," says Mr. Phillips, and this portion of the unpaved road is as good as the average Panhandle dirt road.

A house trailer, designed and built by Mr. Phillips was used on the trip with great success. This trailer is eight feet long and six feet wide, weighs about seven hundred pounds, and is of a collapsible style which will open up to accommodate eight people, and has a floor space of six by fourteen feet.

Mr. Phillips pointed out that the Mexican people are very courteous to American tourists and are very anxious for them to visit Mexico. The filling station operators know enough English to give directions and information to tourists.

Along the road to Mexico City are several interesting modes of transportation. Burros can be seen with loads of live pigs or even haystacks on their backs, ox-carts with assorted products and even men carrying freight on their heads, can be seen moving slowly along the side of the road.

"It was a most interesting trip with plenty of things to see," said Mr. Phillips.

in keeping with a long-standing Bell System policy

A series of rate reductions in the last ten years has substantially cut the cost of Long Distance telephone service.

Reductions have been made nearly every year since 1926, except in the depression years 1931-1934—in accordance with a long-standing Bell System policy to reduce Long Distance rates whenever improvements in telephony and the volume of business allow it to be done.

The latest reduction becomes effective January 15, 1937. Savings are possible on many, not all, interstate calls. Long Distance will give you the new rates after the change is effective.

# New Features of Summer Session Are Announced

### Famous Woman Artist May Spend Summer At Palo Duro

Several features will be offered during the summer sessions in addition to the regular curriculum including the second annual coaching school, second annual Palo Duro School of Art, and the annual educational tour. Dr. Harry Scott, noted director of physical education from Rice Institute, will be included in the coaching school faculty, and Miss Georgia O'Keeffe, America's foremost artist, has been invited to serve as artist-in-residence for the Palo Duro School of art.

The coaching school will include instruction in organization and administration of physical education and athletics. It will continue from June 2 to June 9. Coach Al Baggett says negotiations are underway to secure the services of four noted athletic coaches in addition to Dr. Scott.

The Palo Duro School of Art will be held in Palo Duro State Park where arrangements have already been completed for lodging for the artists, and there is every indication that the school will be much larger this summer. It is thought likely that Miss O'Keeffe will accept the invitation to be the artist-in-residence, since she expressed a desire two years ago to Mrs. T. V. Reeves to spend a few weeks here painting.

Miss O'Keeffe was formerly head of the art department in W. T., and some of her first work to gain recognition was done in Palo Duro Canyon. The art school will last from June 2 to July 13.

Six semester hours of credit may be earned by students who are eligible for admission to college. Students not interested in college credit may enroll for either three weeks or six weeks.

Courses in advanced drawing and drawing and painting and also courses for beginners will be offered. A course in crafts which includes woodcarving, modeling, basketry, and pottery will be offered if there is sufficient demand.

Fees for the full six weeks will be $20, and $10 is the fee for three weeks. Stone cabins in the state park will be available to the art students, and fully equipped tents with floors and with fresh linens weekly will be available for $7.00 per week. Board may be had at Coronado Lodge at a special weekly rate.

Further information regarding the school may be had by addressing the head of the art department, West Texas State Teachers College, Canyon, Texas.

A committee has been appointed to work out plans for the annual educational tour, and a trip thru the lake region into Canada and return by Boston, New York, and Washington, D. C., is being considered.

Pres. J. A. Hill is selecting the visiting faculty for the summer session and has requested that all regular members of the faculty who do not plan to be here this summer to make application for leave by January 20.

## Highland News

Winter is here at last, but why didn't we get a good deep snow instead of just a blanket of sleet?

Mrs. Joe Bedenk and Mrs. Carl Fuqua went to Amarillo last Tuesday.

Mr. Brown called on most of his neighbors last week. He wants to know how to make soap. He won't take just one woman's word, neither will he accept any help, because he is afraid he will have to divide his cracklins or soap. The bachelors sometimes do have a hard time, don't they.

Twelve were present at the Home Demonstration Club meeting last week. A good meeting and plenty of eats and coffee were reported. The next meeting will be an all day meeting at the home of Mrs. J. D. Anderson on Tuesday, Jan. 19th.

Mr. and Mrs. John Moody and Mary Ben from Zita, visited at the Fuqua home Sunday afternoon.

Emerson and Sidney Sharp spent Sunday with Howard and Harvey Fuqua.

Clayh Fuqua returned last week after spending two weeks with his parents at Phoenix, Ariz. He reports that the Rae's of Bushland, who are spending the winter there, are enjoying their visit.

Joe Bedenk and Carl Fuqua went to Canyon last Wednesday.

## Fairview Breezes

There was a very small crowd out for Sunday School, and B. T. U. was called off because of the bad weather.

Those on the sick list in the community are, Mrs. G. E. Wesley, Mrs. H. C. Evans, Geraldine Sharps, W. F. Barnard, and Laquitta Patterson.

L. H. and Max Barnard and H. H. Sutton were in Amarillo Wednesday of last week.

Mr. and Mrs. Lloyd Pritchard spent Saturday night and Sunday in the Mrs. Belle Washburn home.

Mr. and Mrs. J. W. Wesley and Arlen Ray were in Canyon Saturday and Sunday visiting Elvin Wesley who has been sick.

Artie Brawner is visiting Mr. and Mrs. Lloyd Pritchard of Canyon.

Mr. and Mrs. T. H. Shipman have returned home from Plainview where they have been at the bedside of their daughter, Lamain. Inez remained with her sister for a few days.

Mrs. Alvin Wesley was called to Virginia last week by the death of her brother.

## Jowell Items

Mr. and Mrs. Ross Campbell were dinner guests in the Norman Livesay home Sunday.

Sunday visitors in the J. J. Leavitt home were Mr. and Mrs. Bill Sims and daughter, Billie Scott, Alvin, Don, and Faye Smith.

There was a good attendance at Sunday School, Sunday.

Mrs. Ira Scott spent Saturday with Mrs. Doyle Hooten.

## District Tryouts For Golden Gloves Meet To Be Held

District tryouts for the state Golden Gloves boxing tournament will be held in Amarillo January 25-26. Entrants from W. T. can be entered in every weight division represented here.

Prof. Herschel Jennings is in charge of the W. T. boxers, and has asked all boys interested to see him immediately. Workouts will be held daily until the district tryouts under the direction of Mr. Jennings. An elimination will be held here in order to reduce the number of candidates to the number wanted by the sports department of the Amarillo News-Globe, which is sponsoring the contest, in this section.

The state finals will be held in Fort Worth, February 3, 4, 5, and 6. Winners in the state finals will go to the national tournament at Chicago.

### MRS. BRITT GETS SHOWER ON BIRTHDAY BY CLUB

Members of the Mother-In-Law Club enjoyed a delightful afternoon Thursday, Jan. 7, at the home of Mrs. K. A. Britt with Mrs. B. B. Cluck and Mrs. M. E. Sorgee acting as co-hostesses.

At the close of the business meeting roll call was answered by "My birthday month," to which Mrs. Britt responded Jan. 7. She was showered with gifts from the club members. Despite the wintery day the afternoon passed all too quickly as plans for the new year's work were discussed.

The hostesses served jello salad, angel food cake, cocoa and coffee to those present.

The club will meet Feb. 4th with Mrs. Otto White, 1800 Sixth Avenue, with Mrs. J. Dan Archer, Mrs. E. Gidden and Mrs. T. V. Slack assisting. Each member is asked to bring a valentine.

### SMALLEY-HARDGROVE ANNOUNCE MARRIAGE

Announcement of the marriage of Miss Gene Smalley, graduate of West Texas in 1934, to Jim Hardgrove on November 8, was made Friday, Jan. 1, at Floydada.

The wedding ceremony took place in Clovis, N. M., in the afternoon at the home of the Methodist pastor there.

The bride is the only daughter of Mrs. Ama Smalley. She holds a degree from West Texas State College, where she was an office assistant to Dean R. P. Jarrett. Mrs. Hardgrove was a member of Alpha Chi and Pi Omega. For the past two and a half years she has been teaching in the Floydada schools.

Mr. Hardgrove is the son of Mr. and Mrs. J. W. Hardgrove of Floydada. He is now associated with his father in the livestock market and with C. E. Fyffe & Co. implement dealers.

The couple will leave the latter part of next week for Clovis to make their home until the late spring. Shortly afterward, they will be at home in Floydada.

### FORMER CANYONITE WEDS AT PLAINVIEW SUNDAY

Miss Fritz Rosser of Post, formerly of Plainview and Mr. Ira Greenfield were united in marriage at the home of her grandparents in Plainview Sunday morning, Jan. 10, at 11 o'clock. Only immediate relatives and a few close friends were present for the ceremony.

The bride is a daughter of Mr. and Mrs. True H. Rosser of Petersburg.

Mr. Greenfield is a former Canyon man and is a brother of Mrs. J. Madison Daugherty. He is a graduate of the Canyon High School and attended W. T. He has been working at Post for several years as manager of the Gulf Station and Dalby Truck Lines out of Post. The couple will continue to make their home there.

Clyde Davis returned last Wednesday night from Indiana where he was called by the death of his father.

### COLLEGE DAMES CLUB MET FRIDAY

The College Dames Club enjoyed a delightful meeting Friday afternoon at the Little House of Fellowship, with Miss Helen Lyles, Mesdames A. L. Tarleton, W. W. Richeson, and Luta Bob Archer assisted by Miss Ruth Tarlton and Miss Evelyn Vise as hostesses.

Mrs. J. Dan Archer, president of the club, presided over the meeting and extended New Year's greetings to the members and guests. After reciting the Lord's Prayer, roll call was answered by "My Favorite Woman Bible Character" of which Ruth was the most popular. Mrs. D. A. Nicholas sang "Building, Daily Building." Mrs. J. O. Quattlebaum accompanied on the piano.

Miss Helen Lyles, student counselor for the Episcopal Church, talked on "Women of the Bible," portraying each character at her time.

Three Bibles of distinction were displayed at this meeting. A German Bible translated, revised, and published in 1895 by Dr. Martin Luther was shown; an English Bible Dictionary and a Bible 134 years old exhibited are owned by the Archer family.

Those present were: Mesdames J. Dan Archer, M. W. Gordy, P. I. Walters, F. M. Munson, I. F. Sorelle, W. E. Tandy, Leigh D. Bull, A. B. Hays, Luta Bob Archer, M. C. Tomlinson, W. W. Richeson, D. A. Nicholas, J. O. Quattlebaum, J. R. Sharp, Ernest Archer, Misses Florence McMurtry, Ruth Tarlton, Evelyn Vise, and Helen Lyles.

At the close of the program, refreshments of gingerbread with whipped cream, mints and coffee were served by the hostesses. The Club will meet Friday, Feb. 5, at Randall Hall with Mrs. Nancy McCaslin as hostess.

### HANDKERCHIEF SHOWER GIVEN MRS. A. FOX

At the meeting of the Las Senoras Nuevas Club yesterday afternoon at the home of Mrs. Robert W. Foster, club members surprised Mrs. Aubrey Fox with a handkerchief shower in honor of her graduation at W. T. this month.

### ROSE WALKER CIRCLE MET WITH MRS. COLE

Tuesday afternoon members of the Rose Walker Circle of the Baptist Church met in Bible study at the home of Mrs. G. C. Cole.

Mrs. J. H. Cox, Jr., president of all Baptist Mission Circles called during the afternoon to turn in her resignation and to say goodbye, as the Cox family is moving to Lubbock this week end.

Refreshments of coffee, cocoa, fruit and cake were served to Mrs. J. D. Key, Mrs. E. B. Anthony, Mrs. J. C. Dowd, Mrs. S. B. McClure, Mrs. Henry Harden, Mrs. M. E. Sorgee, Mrs. Henry Sparks, Mrs. C. R. Stratton, Mrs. Minnie Laughery, Mrs. Ed Money, special visitor, and Mrs. Cole.

### BENEFIT QUILTING AT STRATTON HOME

Members of the T. E. L. Class of the Baptist Church met at the home of Mrs. C. R. Stratton last week for an all day quilting. A lovely woolen comfort was completed and given to a needy family by the women.

A tasty covered dish luncheon was served at the noon hour. Those present were Mrs. S. L. Terry, Mrs. Silas Hart, Mrs. R. N. Frances, Mrs. R. H. Long, Mrs. M. E. Sorgee, Mrs. Myrtle Gordy, Mrs. Henry Sparks, and Mrs. Stratton.

### ZITA H. D. CLUB MEETS WITH MRS. L. FULTON

Mrs. Lawrence Fulton acted as hostess at the first meeting for the year of the Zita Home Demonstration Club which met at her home Tuesday.

Miss Allie Dozier, home agent, discussed the location and uses of cold frames and hot beds.

Refreshments were served to the following members: Mrs. H. R. Fulton, Mrs. M. H. Rockwell, Mrs. Rufus Ziegler, Mrs. Eula Watson, Mrs. Hill, Mrs. John Moody, Mrs. J. P. Upchurch, Mrs. Lawrence Fulton, Mrs. D. C. McCormick, Mrs. Bailie McCormick and Miss Dozier.

### COMMUNITY CHEST NEEDS CLOTHING

At the monthly meeting of the City Federation yesterday afternoon, Mrs. Charles Stratton reported the urgent need of clothing for the Community Chest. They ask that any one who has clothing to give away to please take it to the room reserved for that in the First National Bank Building on Saturdays between 3 and 5 o'clock.

Reports from other committees were heard.

### MRS. SANDERS ENTERTAINS FRIDAY CLUB AT HOME

A very delightful afternoon was spent last Friday by club members and specially invited guests when Mrs. Dan Sanders entertained the Friday Afternoon Club at her home.

Bridge was the chosen diversion for the occasion.

Refreshments of sandwiches, cake, candies, and nuts were served from the lace covered tea table with Mrs. Bishir at the coffee service, and Mrs. Ingham presiding at the tea service. A pink and green color scheme was used on the table.

Members present were Mrs. Clyde Warwick, Mrs. C. L. Thompson, Mrs. W. L. Smith, Mrs. R. A. Neblett, Mrs. T. H. Knighton, Mrs. J. W. Kleinschmidt, Mrs. Guy Harp, Mrs. Irby Carruth, Mrs. W. C. Black, and Mrs. Marion Bishir.

### FIVE MEN NEEDED AT PALO DURO PARK

Supt. Wm. M. Anderson of the Palo Duro Canyon State Park states that five men are needed to fill the quota of local experienced men at the CCC company. Anyone can make application between the ages of 29 to 45 years of age, who has not been a member of any CCC company for one year. Make applications directly to Mr. Anderson at the Park.

## Wayside Items

Rev. E. R. Foster of Amarillo filled his afternoon appointment. Owing to the cold weather the crowd was not very large. We hope to have a good crowd out for him next month.

Mrs. J. R. Stockett was called last Thursday to Mullin, Texas, by her sister, whose baby was very ill with pneumonia.

Mrs. Henry Shipman, who has been with her daughter in a Plainview hospital for two weeks, returned home last Friday. Inez is with her sister this week, who is improving but not able to leave the hospital.

Joe Rogers and family visited relatives in Canyon last Saturday

W. R. Franklin made a business trip to Happy Monday morning.

Lem Fisher and family attended services at the Assembly Church at Vigo Park Sunday night.

Mrs. M. B. Moore and son Glen, have moved back to her farm south of Wayside. They have been living in Abilene for some time. We are glad to have them back with us.

Joyce Lane who has been visiting in Pampa returned home last Saturday.

G. G. Foster of Canyon made a trip to his farm first of the week.

Price Tuggle is still improving the last news.

There were 40 out at Sunday School Sunday in spite of the cold weather.

### STORK SPECIAL

A 7 pound boy was born to Mr. and Mrs. C. Stuart Johnston Monday morning. Mother and babe are in St. Anthony's Sanitarium, Amarillo, and are both doing fine. The boy has been named Robert Stuart.

### CARD OF THANKS

We desire to express our deep appreciation and most sincere thanks for the many acts of kindness and helpfulness shown us by so many friends and neighbors during our recent bereavement in the death of our husband and father, J. M. Walker.

Mrs. Lucia L. Walker.

## 'Sit-Down' New Strike Technique

Newest weapon labor has devised and is using extensively is the "sit-down" strike. It is exactly what its name implies. The striking workers do not "walk out" or picket the plant on the outside. They simply quit work and sit down at their machines. And there they stay until conditions are adjusted. Incidentally, they get plenty of rest, and some good clean fun, too. Photo shows sit-down strikers after a bit of bowling at the closed plant of the Hercules Motor Corporation in Canton, O

## Palo Duro Peeps

Madison and Gordon Ruthardt spent the week end in the Ralph Ruthardt home. Medford Abbott is accompanying them back to Morton.

Mrs. Pauline Wendelken and sons, Mr. and Mrs. R. D. Finley and family, and Mr. and Mrs. G. A. Reynolds and family were dinner guests in the Clem Dugan home Sunday. Wilbert Wendelken, Robert Finley and Roger Dugan celebrated their birthdays.

Misses Clara and Dora Miller and Rev. H. R. Frerking of Amarillo were supper guests in the Henry Miller home Sunday evening.

Mr. and Mrs. Pearl Harding and family spent Saturday evening in the R. D. Finley home.

Mr. and Mrs. Ralph Ruthardt and family and Madison and Gordon Ruthardt, spent Sunday in the G. M. Abbott home.

Mrs. Raymond Boehning entertained the Palo Duro Ladies Club Wednesday afternoon.

Miss Fannie Sue Brasuel and Miss Jean Slack supervised the home projects done by Myrill McClendon, Gertrude Miller, and Hardine Rogge.

Mrs. Henry Miller attended the dress judging at the Canyon High School Tuesday morning.

Mr. and Mrs. Raymond Tucek and son, Norman Ray, spent Saturday evening visiting in the Henry Miller home.

Louis Dembitz Brandeis, oldest member of the Supreme Court: "If we would guide by the light of reason, we must let our minds be bold."

### Famous Last Words

"Which is the throttle?"

"Gimme a match and I'll see how much gasoline we have."

"I bet I can kiss her."

"Watch me make this roadhog move over."

"I wonder if this gun is loaded. I'll just look down the barrel and see."

"Two bits I can beat that train to the crossing."

"It that your husband coming toward us?"

"I'll take this lantern down in the basement and find that gas leak."

"Get in step, sergeant."

### OPENS NEW SHOP

Worth A. Jennings, Jr., has opened his new shoe repair shop back of the old First State Bank. He has been engaged in the shoe repair business for several years. He left Childress last fall seeking a new location, and visited a large number of towns before deciding to return to his old home town and open a new shop. Mr. Jennings has installed a completely equipped shop.

**FOR TEXAS HIGHWAYS?**

Texas' highways, to date, have cost Texas taxpayers approximately seven hundred and fifty millions of dollars.

License fees from motor vehicles have contributed $202,000,000.

Gasoline taxes have accounted for $176,000,000.

Federal aid has donated $91,000,000.

YOUR PROPERTY TAXES HAVE CONTRIBUTED $281,000,000 — MORE THAN ONE-THIRD OF THE TOTAL.

Large trucks—those weighing more than 8000 pounds loaded—have paid a total of $27,000,000 in license fees and gasoline taxes, or 3¾ per cent of the total cost.

Yet these trucks have been responsible for an additional cost of construction and maintenance amounting to approximately 50 per cent of the total—an amount far in excess of their contribution. These wider trucks result in 25 per cent increase in pavement costs. Their bigger loads have required thicker pavements, costing from 35 to 60 per cent more; their size has made wider and heavier bridges necessary; maintenance costs have increased through their use and abuse of the highways.

Such extra expenditures are almost solely for the benefit of the big trucks, and are not necessary for the small trucks and passenger cars. YET THEIR COST IS BORNE BY THE OWNERS OF PASSENGER CARS AND SMALL TRUCKS AND BY THE GENERAL TAXPAYER, WHO MAY NOT EVEN OWN A CAR, WHILE THE BIG TRUCKS THEMSELVES HAVE PAID ONLY 3¾ PER CENT.

*Any increase in present truck loads, size or speed limits will further increase the highway costs which all of us, the people of Texas, must pay*

Texas railroads provide and maintain their own rights-of-way; afford employment to 60,000 men and women (who are also taxpayers); pay large taxes in support of city, county, state and federal governments; and, in addition, pay annually more than $900,000 toward state highway costs. The interest of the railroads in highway regulation is precisely parallel to that of the public.

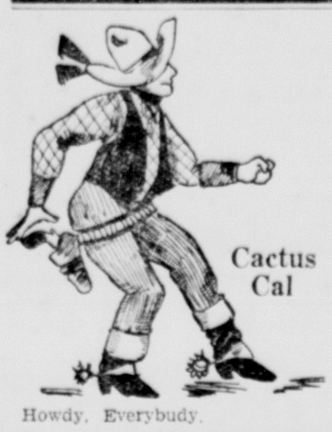
# THE EAGLE'S TALE

Watch Those Eagles!!

VOL. NO. 11. CANYON, TEXAS, JANUARY 14, 1937. NUMBER 17



Howdy, Everybudy.

How do you like this weather? I don't like it. T'other morning when I started out, Miriah made me put on two pairs of socks, a pair of overshoes, an overcoat, a scarf, and a few other things. I had on so much I couldn't hardly walk. Say, J. D., that picture you got is kinder chilly for this weather, ain't it?

What's this I hear about some of our boys going to Tulia, and Hereford Whitefaces coming to Canyon, and a certain Happy Cowboy being seen about here? Boy, things are getting so mixed up I never know where to find anybody anymore.

You Seniors better make New Year's resodlutions to keep your new rings on your own fingers. They shore look spiffy. Wisht I had one.

Say, I know a secret, I'll tell you if you promise not to tell a soul. I heard Lillian Chambers was as sweet as a barrel of honey; and was invited back to the woods to make mud pies. (Second childhood, I guess.)

T'other day I was lookin' around in study hall and I saw Helen Hurst sittin' with that new pupil, Hugh Dalton. She was supposed to be teaching him how to work geometry; but I agree with Coach Hutto that a poor excuse is better than none.

You Eagles and Eaglettes are really strutting your stuff. I'm bettin' everything I've got on you and you had better not let me down.

Your pal, Cactus Cal.

P. S. Obera, don't fall down and break your new spectacles. Idell, we're shore glad you wasn't in that auto when it burned up t'other morning.

### TAKE EXAMS CALMLY

Should final examinations be abolished?

"Yes," say all of the students of Canyon High School. One of the students said, "Yes, final examinations should be abolished because it is such a strain on us during that awful week that we are no good for two or three weeks after."

Let's look at the other side. What about the things we learned at the beginning of school? If this knowledge is not stirred up in our brains, we soon forget it. Remember that what we learn in school will be used in our later life. If examinations are abolished by the end of the year could you review each of your subjects and not look back? Of course not, remember that we are not hit so hard by finals if we are working every day and get our lessons.

Let's take our exams bravely! Show the teachers we are really men and women and not babies anymore.

### SUPPORT THE C. H. S. BAND AND ENJOY A SHOW

Have you done your part for the Canyon High School Band? If you haven't you should. There are always many people backing the basketball team, pep squad, and football team; but very seldom do you hear anyone say anything about our band.

Canyon has one of the finest small bands of any school in the state. They always attend football games and most of the basketball games and try to help our side win. But very little praise do they get.

The Canyon High School band really needs some loyal backers for they need some more suits and new instruments. Every one is proud of a well-dressed band, and there is no reason why our band should not be dressed as nicely as others.

You can do your part in helping the band by going to the picture show tonight, which the band is sponsoring. They will appreciate it and make you proud you did something to help your high school band.

Be sure and buy your tickets from a band member.

## *Football Squad Elects Carolyn Mayfield As Football Queen*

On last December 12, the 1936 Eagle gridsters assembled and cast ballots for a football queen. The outcome favored a young lady pepper-upper, active in high school athletics: Carolyn Mayfield.

Carolyn has been in the pep squad four years, being pep leader one year and vice-president another. As a sophomore, she was elected Hallowe'en Queen and was a candidate for School Queen.

Last year Carolyn was again Hallowe'en Queen. She had a leading part in the Junior play and was a member of the Press Club, in which she is still active. She participated in declamation and is repeating it this year. Carolyn lettered in basketball last season and is playing forward again this season. She is a member of the drum corps, carrying the Canyon High School flag. She is an active member of the newly organized C-Club, for Eagle letter winners. Long live the Queen! We need more like you!

## Eagles Add Win Girls Defeat Exes Lose to Dimmitt

The Eagles added two more wins to their string of victories last week-end. Friday night the Eagles took the Clovis Wildcats by a narrow margin of 20-17. Saturday the Eagles defeated Dimmitt 32-16. The Eaglettes defeated the Exes Friday night 23-15. The Dimmitt girls beat the Eaglettes, 34-21.

Clovis brought a fast, well-drilled team here and gave the Eagles all kinds of trouble before they finally started hitting the basket. Clovis led at the half, 10-6. The Eagles came back the last half with a determined drive to win 20-17. The game was a thriller from start to finish. Fans were on edge all the time and the outcome was always in doubt. Rusk and Drummond tied with Hazlewood of Clovis for high-point honors with seven points each.

The Eaglettes defeated the Exes in a well-played game. The game featured ball-handling and well-placed shots by both teams. The score was 23-15. Mary Collins led the scoring for the Eaglettes.

The Eagles defeated the Dimmitt Bobcats 32-16 in a rough scrimmage Saturday night. Stagner, star guard for Dimmitt, was unable to play or, the game might have been somewhat closer. Rusk and Calliham tied for high point honors with eight points.

The Dimmitt girls defeated the Eaglettes 34-16 in a slow, unexciting game. The Eaglettes were decidedly off form, and the Dimmitt girls had very little trouble in winning from them. Renna Beth Bellah led the Eaglettes' scoring with eight points. Wanda Brock was next with seven points.

## *Winter Sports Start With A Bang*

Boy, O Boy! Is this cold weather a great thing. With a drop of the thermometer over night the city of Canyon suddenly changed from a typical fall to a zero winter with ice, snow, and icicles hanging from the trees.

With this the students of C. H. S. took their first crack at winter sports.

Next they decided on an ice skating party and many went to the creeks and spent Saturday. Gus Brown after a few hems and haws, decided that he needed a pair of skates on his feet and another pair in place of a tail light. R. E. didn't think that two pairs of skates would be enough to help him out only; so he just wore one pair and an extra pair of pants. Someone, speaking out of turn, asked Lavert how many times he fell. He said he lost count after the first 400 or 500 falls. Lavert said it would be lots of fun to skate on some sloping ice, somebody tell him that ice is frozen water, and that water runs' (I can't, he's much larger than myself.)

There's a little saying in the game of marbles that would be popular in ice skating if it would work, "Slips don't count."

## Bellah Entertained on Birthday

Renna Beth Bella was entertained with a surprise birthday party by Billy Greenfield, Mavis Harden, Kate Donnell, and Mary Catherine Wirt at Miss Greenfield's home last Wednesday evening. The guests searched the town for clues leading to a $5,000 check, but it could not be cashed.

Afterwards, refreshments were served to Natalie Flesher, Kate Donnell, Mary Collins, Carolyn Mayfield, Billy Greenfield, Dorothy Warwick, Mary Catherine Wirt, Renna Beth Bellah, Mavis Harden, Jack Inman, Jack Middleton, Prentice McKee, Billy Sternenberg, C. L. Drummond, Sherman Higdon, J. C. Bellah, and Melvin Calliham.

George Bernard Shaw, British Playwright: "I was not offered the Order of Merit because the Government knew I had already conferred it on myself."

## Band Parents Assn. Met Monday Eve

The Band Parents Association met last Monday evening in the High School auditorium at 8 o'clock.

There was a business meeting to decide how to raise money for the needs of the band, and after some discussion of different ways of raising this money it was decided to give a Cal Farley Circus sometime in the near future.

Following the business meeting, the program was given, consisting of two cornet solos by the band master, Mrs. R. G. Stevenson. The solos given were "My Song of Songs," and "Polka: Tick Tock."

Mr. John B. Pope gave a talk on child guidance. This talk was an explanation of the efforts of the schools at child guidance, how this work is conducted, and some of the many problems that are involved in guidance. He also gave several things that the parents can do to aid the teacher in child guidance. He stated, "Encourage the avocational interest of your child, because you never know when it may become the vocational interest."

The band completed the program with several selections, consisting of "Uncle Sam's Favorite," "Show Boy," "Promotion," "Man On the Flying Trapeze," "uDrm Major Man," "Andante," Grand March No. 17," "Waltz No. 24," and "Yankee Doodle."

Then the entire group of approximately 80 people went to the Home Economics room and were served refreshments of coffee and pie.

## Study Club Discuss Motion Pictures

The influence of motion pictures was the main theme at the Child Study Club meeting Wednesday afternoon, Jan. 13, at 3 o'clock in the music room of the elementary school.

This topic was discussed by Mrs. John B. Pope, and Mrs. Sharp gave the devotional.

Mrs. Ray Campbell presided as chairman. Parents are urged to attend these meetings that are held each month, according to Mrs. Campbell.

## Among the Exchanges

"I'm getting a taste of religion!" cracked the cannibal as he ate the missionary.—The Cronconian.

"I'm running into a squall!" sighed the sailor as his new-born baby started to cry.—Sagerton Eagle.

After the first blaring and slightly discordant number, the director announced: "Our next selection will be 'Blue Danube."

And from the brass section came the whisper, "There's something wrong, mister! I just got through playing that!"

Said Skunk Number One to Skunk Number Two, "A scent for your thoughts."—The Times.

Brunette: "Don't you know any school jokes?"

Blonde: "Sure, I know a couple of freshmen."

The following pupils were absent last Friday because of illness: Pauline Harris, Eugene Newberry, Helen Tucker, Bill Frick, Lillian Tate, Wandell Johnson, and Vera Prichard. Beulah Brasuel was ill Monday.

## Moore Presents Own Poems and Short Story

Original selections, some of which have been published, were read by Mr. H. G. Moore, English teacher and director of dramatics, in assembly last Wednesday.

Mr. Moore read one short story, "Fued's End," which he wrote last month. This story is one of a humorous happening in the mountains when a feud ended.

"The Plainsman," "Immunity," "Dat Texas State O' Mine," and "Hermitage" are the poems that he read. "Hermitage" was written in 1928, and in 1929 it won third place in the Texas Undergraduate Poetry Contest. "The Plainsman" was published in the Southwestern Magazine in San Antonio.

"Recipe" is a short story of Mr. Moore's now entered in a nation-wide contest sponsored by the Writer's Digest which offers $2000 in prizes. The story has already placed in the highest 10 percent and may be eligible for a higher prize. This makes the third year that Mr. Moore has submitted entries in this contest, and he has placed in the highest ten percent each year.

Mr. Moore has written several children's plays which have been used in different schools. Some of his works will be used later in programs for the Stagecrafters.

Mr. Moore states, "I hope to be a writer, and I am using writing as a hobby at the present time."

## *Classes Play Freeze-Out With Weather*

"Ohooo, it's cold in here!"

"Aren't the radiators turned on?"

"Where did the bookkeeping class go to?"

These are just a few of the remarks the teachers heard Friday morning, among the howls and shrieks of the wind and snow. Every class and teacher wanted a warm room, for the majority of the rooms were cold and the heat was not doing any good. The typing class went to the journalism room, where they had study hall because no one had the pepper to move the typewriters. The civics class used the science room; while the Bible class went to the right room and their teacher could not find them. The pupils who stayed in the study hall sat on the radiators to keep from freezing.

Finally, the building began to get warm; and much to the student's sorrow all classes were able to meet in the right rooms. Some of the teachers say that if they had to repeat this day over they would just go home and give up.

Say, are you watching the Eagles go to town in basketball this year! It looks as if they are out to bring home the district championship this year, with C. L. as a fast little guard, Eston as a forward, and the tall Ray Ford (Bot) Rusk at center. The Eagles have been defeated only once out of ten games, and then they were defeated by Dimmitt, who they defeated at the Friona tournament, and also last Saturday on the Dimmitt Bobcat's own court, the score being 16-32 in favor of the Eagles.

Last Monday afternoon a reporter from the Amarillo Daily News came down to get the pictures of the Eagle squad, as they are playing the Sandies next Wednesday afternoon. Due to the absence of two of the first string, the pictures were not taken.

The Eaglettes also have a fine team, which is shown by their holding the Dimmitt team to a close score, Dimmitt having a team that has and still holds a reputation as one of the strongest teams in the Panhandle. The Eaglettes are training hard to combat the Happy and Friona girls, whom they want and intend to defeat. Although they have lost a few games this season, they are steadily becoming stronger.

Well, here it is getting the time that annually the teams of the intramural soft ball players get together and have their bout in baseball. Let's get started this year and have a battle royal.

Everybody come see the Eagles and the Eaglettes play, and back them a hundred percent. They have shown their loyalty to their team and school and bought season tickets to their own games, which they are not forced to buy. Give them your backing!

Fairy Hill, Herbert Mariner, Jack Inman, Billy Sternenberg, Tommie Butler, and Jimmie Carr attended the games at Dimmitt Saturday night.

Supt. I. B. Carruth was called to Rockport, Texas, Saturday night, because of the illness of his father.

## *Display Your Talents And Win Some Money At Amateur Night*

Display your talents! Win some money! Enter the Amateur Contest sponsored by the Press Club, to be held Thursday evening, January 21, in the high school auditorium at 7:30 o'clock.

If you have talent, don't be selfish and keep it to yourself; if you don't have talent, develop some. If you can't develop any talent, come and enjoy the other amateurs' performances. To enter, phone 23, the principal's office at the high school, and give your name, address, occupation, and ambition to the office girl, or secure blanks from Miss Pauline Crittenden, sponsor of the Press Club, or Mary Collins, president, at the high school.

Entries must be made by Tuesday afternoon, January 19. Auditions and a brief rehearsal will be held on Wednesday afternoon; all those entering are asked to meet that afternoon promptly at 4 o'clock in the high school auditorium.

The admission price is ten cents for students and fifteen cents for adults.

There will be three prizes given: $3.00 for first, $2.00 for second, and $1.00 for third prize. Winners will be decided according to the audience's applause. Mr. Gordon Beck, teacher in the elementary school will be master of ceremonies.

Benefits will go toward sending the Press Club to Austin this spring to attend the Interscholastic League Press Convention.

## Breitling, Calliham Fly Represent F. F. A. at Tulia

J. D. Breitling, Billy Fly, and Melvin Calliham represented the Future Farmers of America of Canyon High School at a poultry-judging contest Saturday, Jan. 9, at Tulia. The contest, sponsored by the Tulia F. F. A. Club, was conducted by the members except for grading the placings and tests. This was done by the coaches of the teams that entered.

The contest was won by the Friona team, with Claude a close second. The members of these teams were veteran judges.

Considering the fact that agriculture is new in Canyon High School, and poultry has not been stressed to a great extent, the score of the Canyon boys was good. "I have not spent much time on poultry this year because I do not consider it so essential as some of the other things we are having in agriculture at the present," said Mr. Milton Morris, teacher of agriculture.

## Ag. Class To See Instructing Films

The Information Division of the Resettlement Administration will show a three-film picture to the agriculture classes of Canyon High School in the near future.

The office in Amarillo has three films for their strip machine, showing the work of the Resettlement Administration, conservation practice and procedure, soil management pictures, and other scenes of particular interest to high school agriculture students. Each film is accompanied by a sound record, and this makes an interesting soil conservation and the work of the Resettlement Administration, according to a letter received from the Amarillo office of the organization.

The films, under the direction of Garford L. Wilkinson, Regional Information Adviser, can be shown in one hour, thus being exactly suited to class periods.

### EX-STUDENT WEDS

Ira Greenfield and Miss Fritz Rosser of Post were married last Sunday at 11 o'clock in Plainview.

Greenfield finished Canyon High School in 1926 and is now running a Gulf Filling Station and is manager of the Dalby Truck Line out of Post. He is a brother of Miss Ruth Greenfield, teacher in the grades, and Billy Greenfield, a senior in high school.

Mrs. Greenfield is the daughter of Mr. and Mrs. Rosser of Petersburg. She has been employed in the Bell Telephone Company of Post.

The couple will make their home in Post.

New pupils who have enrolled in the grade school are the following: Ernest and Wanda Morgan, from Watsonville, Calif.; Wayne Sanford, Torrence, Calif.; and Dorothy Nichols, Florence, Ala.

## *A Nose For News; A Black Eye, Too*

Whew! How my poor brain has been disturbed today! It's been falling all over rocks and rills, and I've also been following my nose (and what did it get me? A black eye for mixing my nose in other people's business.) I ask you, is it fair to—hey! I forgot to tell you what I had all the trouble about!

Well, I've been following people and finding out how many types of people there are in C. H. S. and I'm worn out. (Whew, but that's a load off of my mind, now that I've told you. Anyway, I discovered these types: (1) the meek and gentle sort of creature; (2) the wild, "don't care if I do flunk" kind (Don't worry, there aren't many in C. H. S.); (3) the Class-A students who stick their noses in books all the time; and (4) the ones who don't study much and (miracles do happen) pass with A's.

And do you know it, I study myself sick for Spanish, World History, and English, and what do I get? C's and D's. My, this world is hard up against you.

But take the meek kind of person. Usually he is set off from the class of boys and girls and leads a lonely life. So let's try to make them join us and have our fun along with our serious classwork.

### THOUGHT OF THE WEEK

It is chiefly through books that we enjoy intercourse with superior minds. These invaluable communications are within the reach of all.—Franklin.

## "Ford Is Almost Human"

The Ford is almost human. Quite true, it has no loving arms to carress you with, no coos and baby-talk, but it has to have new shoes and glasses just the same as the rest of us. Like most boys and girls, it is an expense and hates to have its face washed.

At the beginning of a day, when I open the door of the garage with a bang and rattle of boards and chains. I imagine the poor thing opening one eye and with a half-hearted yawn drawing one eyebrow down at me. I step on the starter and the motor turns over once and wants to go back to sleep, just as I had done the hour before. After much petting and coaxing, it rolls out of the garage. Getting a whif of the cool December air, it bucks and rears around a little. My patience dwindling, I choke it plentifully, which sends it a jump farther down the road. After having its ears pulled down, it gives up trying to get out of work.

When going somewhere it has to be watched to keep it from getting into trouble, such as tearing down gates, wire fences, and up-setting mail-boxes. You know, just like some people.

After getting off to a bad start, Mr. Henry's little pride an joy begins to buckle down to work. It must be imagined going down the road with its brothers and friends; and it likes to show off a bit by racing and kicking dust in the other fellow's face. If the driver has the least bit of gambling blood in him, and it would be gambling blood if he should undertake such a thing, he just pats his foot and, "We're off to the races." (That is, if Mr. Ford isn't too old for that sort of thing.)

It seems as though Mr. Ford enjoys music a great deal, for when riding down the road you sing and Mr. Ford sings too. Some times he doesn't have the right tune, but there are people like that.

People have their ups and downs; well, so do Fords.

When on our way to Amarillo we come to a hill. It's too late in the day to be sleeping; so we gather up speed with which to climb the hill. What's this—a truck's in front of us, and warning! do not pass cars on hill. That gets Mr. Ford's steam up. We all wonder if Mr. Ford is going to make the grade. I guess he wondered that too.

The shopping day is over. Time to go home. Poor Mr. Ford is always imposed upon, but like a gentleman he carries the bundles home. As I leave the garage I look back at poor Mr. Ford a shade one-sided and dusty. My, he must be disgusted with the women! Another reason why Mr. Ford is human.

## EAGLE TEAMS TO MEET TOUGH OPPONENTS

The Eagles and Eaglettes meet the Friona and Happy cagers in double-headers here Friday and Saturday nights, respectively. The games start at 7:30 each night.

Friday night the Friona Chiefs will try to get revenge for a one-point defeat handed them by the Eagles in the finals of the Friona tournament. The Eagles' main worry will be stopping the long shots of Brookfield, all-district forward of last year. The Chiefs have been improved since the Eagles last met them by the addition of Dixon, a forward of last year. The game promises to be fully as exciting as the previous game.

The Eaglettes also hold a one-point margin of victory over the Friona sextet. The girls are out to stretch this margin by several points. The Friona girls are also out to bring up their stock, and the game has all the earmarks of being one of the closest and most thrilling girls' games to be played in this district.

Saturday night the Happy Cowboys make their initial encounter with the Eagles. The Cowboys won the Dimmitt Tournament in which the Eagles were eliminated in the quarter-finals, the Eagles and Cowboys are age-old rivals, and hot times are always had when the two teams meet. Mopper Toles, ace Cowboy forward, is the mainspring of the Happy offense; and the Eagles will have a tough time coming out ahead in the game.

The Happy Cowgirls meet the Eaglettes in the first encounter of the two teams. The Cowgirls are strong, and the game promises to be a classic. The Eaglettes are out to increase their number of wins and are going to give all they have against Happy.

## Pantomimes Given By Stagecrafters

The Stagecrafters met Tuesday evening, Jan. 5, for the second of their meetings since the formation of the club before the Christmas holidays.

A business discussion preceded the entertainment, which consisted of pantomiming. The group present, which was only a small part of the enrolled list, was divided into groups, each of which acted out its own plays.

Mavis Hardin, D. A. Butler, Eston Breitling, J. D. Breitling, and Renna Beth Bellah acted out Little Bo-Peep.

Marielle Oldham, Edrie McNeil, Margaret Stuart, Helen Hurst, and Sherman Higdon pantomimed an old-maid bridge party.

Hal Harrison, Rayburn McKee, Betty Ruth Solomon, Evelyn Cluck, and Clarence Zachry pantomimed a Major Bowes' broadcast.

Mr. H. G. Moore, sponsor, spoke on the purpose and objects of the club and the plans of procedure of future meetings.

Lillian Chambers, president, adjourned the meeting.

## Coffee Plays In Assembly

Mr. Herschel Coffee, instructor of violin at the college, presented several violin selections in assembly Monday morning.

Mr. Coffee, accompanied by his wife, played "Melodie" by Christoff Willibald Gluck; an American folk song, "From the Canebrake," by Samuel Gardner; and the Viennese folk song, "The Old Refrain," arranged by Fritz Kreisler.

### "THE POOR MARRIED MAN" CHOSEN AS JUNIOR PLAY

The junior class has chosen "The Poor Married Man," by Walter Ben Hare, for their class play. The play takes place in a professor's cottage, where strange adventures occur.

Mr. H. G. Moore teacher of public speaking, and Mr. Gerald Brown, junior sponsor, will have charge of the play, which was chosen by the following committee: Sarah Thompson, Martha Jo Newlin, Margaret Stewart, Lillian Chambers, and Natalie Flesher.

### GUESS WHO

"Si, Senior, soy el coche,"
Thus speaks this teacher to Mr. Brown.
His ears are big, but so is his heart;
And he's really a man-about-town.

Answer to last week's Guess Who, Natalie Flesher.

### C-CLUB WILL MEET TONIGHT

The football banquet having been postponed, the C-Club will meet tonight to make plans for an entertainment for next week.

The entertainments that are to be voted on are, a chili supper, a party at the Odd Fellows Hall, and a picnic.

# Growth of 4-H Clubs Opens New Era for Farm Youths

**An idea of the scope of the 4-H program is reflected in these pictures, which show club members at work on two projects—livestock raising and judging, and home economics.**

AN Indiana farm boy came home from the big Chicago livestock exposition the other day, national champion in the 4-H meat animal contest and winner of a $300 college scholarship.

He had completed six years of swine projects, using 20 sows and 290 pigs. Nine beef calves, 33 ewes, and 33 lambs were used in other projects. He also handled 1660 chickens and conducted corn projects requiring 38 acres. In all, his prizes totaled $206 and his sales $7127.

An 18-year-old Wisconsin miss also went down to Chicago's International show. She walked away with the title of all-round ideal 4-H club girl, and a $400 scholarship.

Here's what she did to win the award: Made 174 garments, improved two rooms in her home, baked 900 times, canned 2724 pints of food, raised 655 chickens, and completed projects in dairying and swine. All this was in her nine years of 4-H club activity, and it brought her $214.60 in prize money and had a value of $2444.28.

• • •

IN these two commendable cases is reflected the real ... of the 4-H club program ... sponsored today by Uncle S... It's the story of a vast organized effort to develop a hig... of rural community life. ...er rural home life, rural leadership, and rural citizenship.

To achieve these goals, the movement, first launched 36 years ago in a limited way, hinges on the 4-H's — HEAD, HEART, HANDS, and HEALTH. A 4-H candidate in joining his local club follows this ritual:

"I pledge my HEAD to clearer thinking,
My HEART to greater loyalty,
My HANDS to larger service and
My HEALTH to better living
For my club, my community and my country."

Once a member, the 4-H worker finds a wide choice of opportunity ahead. Primarily, the clubs demonstrate better farm practices, give the boy and the girl the educational value of agriculture and home economics, teach self-reliance, develop initiative and leadership, encourage ownership.

• • •

THESE goals are reached along many lines. Through county agricultural agents, and state and federal extension workers, boys and girls are launched on individual "projects." These may be the raising of registered livestock, the growing of grains and gardens, or work on a home sewing program.

Members are taught to keep accurate records, strive for better products, and enter prize competitions.

From the tiny hamlet to the Chicago International exposition often is a long trip, but thousands of 4-H club boys and girls make it every year.

The result over many years has been the steady development of trained, successful, and happy farm youth—youth who will carry on tomorrow. And whether these 4-H members leave the farm or not, they have acquired a priceless education.

• • •

IN the last year many clubs have gone beyond their original scope and today teach even appreciation of the "fine arts." This newest venture is bringing to the farm an understanding of good paintings, good music, and good literature that heretofore has been denied most rural sections.

Steadily the program has pushed on, but not without struggle. The national goal for next year is 2,000,000 members. More than 7,000,000 farm youth are eligible. The 4-H gospel has a long way to go. It is, nevertheless, reaching attentive ears.

Bankers in many communities are lending funds to members to launch them on their projects. The old school of farming is looking on with greater sympathy. Civic organizations are joining to offer prizes and new inducements to achievement.

The 4-H boys and girls are the way!

## SIDELIGHTS

By MARVIN JONES
Member of Congress
from Texas

Provisions for crop production loans is one of the first tasks of the new Congress. It is of especial importance to our section.

For the last several years, it has been necessary to pass legislation at each session of Congress giving financial aid to farmers for planting their crops. Each year the need arose as great as that of the year before, and new provision was necessary.

It is essential that any aid given the farmers in producing their crops be given early in the year. Delay was often unavoidable and the need for annual legislation made the situation uncertain.

I have introduced a measure which broadens the base of the feed and seed loans and makes permanent provision for them, in order that the need may be met from year to year without the necessity of setting up legislative machinery each time.

The measure authorizes an appropriation for a revolving fund of fifty million dollars. This will make annual appropriations unnecessary.

The loan is broadened to include assistance not only for feed and for planting, cultivating and harvesting, but also supplies incident and necessary to such production.

The maximum to any one borrower is increased to four hundred dollars.

The purpose of these loans is to make essential funds available to farmers who are not able to qualify for credit under the production credit associations or to obtain sufficient funds elsewhere.

I had a conference with the President on this subject last week. He vetoed the crop loan measure last year, but at the urgent request of several of us, loans were provided for from emergency funds. I hope he will see fit to approve the new measure, taking into consideration the broadened base, the fact that the loans seem to be essential, and that they have been well administered.

The farmer of course wants to keep clear of debt. He is at last beginning to see the light of day.

However, correcting the evils of the past half a century is a slow process that requires a careful approach. Provision must be made for financing farmers who are unable to obtain working funds, especially in sections like our own where a prolonged period of drough has made help from the outside necessary.

I hope early approval can be obtained for the crop production measure in order that loans for the new year can be made without delay.

## As President Spoke to Congress

Openly declaring that the judicial branch, as well as the legislative and executive, "is asked by the people to do its part in making democracy successful," President Roosevelt is shown here as he addressed the 75th Congress. The president's son, James, is seated right. In the background is Speaker of the House William D. Bankhead, left, and Vice President Garner, right. The president proposed broadening of social security, outlawing of sweatshops and child labor. He advocated collective bargaining, "sound money" policies, and a general forward New Dealism philosophy of government.

## Toby Waggoner Back on Campus Following Illness

Toby Waggoner, victim of a stomach attack in the Buffalo-NMMI game in Roswell, N. M., November 14, has returned to school following six weeks of illness. He returned to his home in Plainview prior to the Christmas holidays.

Waggoner, the recipient of the Kleinschmidt trophy as the year's outstanding player, had been troubled by stomach ailments all season. The vital injury came in the third quarter of the NMMI game when he caught a pass thrown by Watkins. He fell squarely on the ball, when tackled. He finished the game, for he was not seized with the pain until he went to the dressing room. Coach Baggett immediately rushed him to the St. Mary's Hospital where an emergency operation was performed by Doctor Guy, Roswell physician.

## Freshman Cagers Trounce Ancient Rivals 43-25 Here

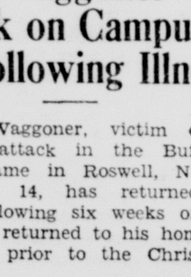
Coach Bob Cox's squad of fish cage aspirants initiated the 1937 season by trouncing the Wayland College hoopsters 43-25 Saturday night in Burton Gym.

The age-old rivals battled on even terms during the first division, which ended in an 18-18 deadlock, but the W. T. Yearlings amassed a lead early in the final canto and remained on the top until the final whistle.

Saul, Wayland forward, garnered individual scoring honors with a total of twelve points and Payne, Yearling guard, was close second with 11 tallies.

The Jackrabbits started fast and amassed a lead in the first few minutes of the fray. Schur, Kendrick, and Payne's consistency at pounding the hoop was instrumental in bringing the frosh from behind to tie the score at the half.

The Yearlings found little difficulty in hitting the basket during the last half and Coach Cox used the majority of his substitutes. McClendon, Yearling forward, turned in a stellar performance during the short time that he played. Mills, midget forward failed to hit the goal with his customary abandon.



**Gail Borden**
**PIONEER MILK SALESMAN**

Seventy-nine years ago Gail Borden invented a method of condensing milk in a vacuum. His vision opened the markets of the world to American milk. Canned milk can go where fluid milk can't.

Gail Borden laid the foundation for the whole series of manufactured milk products that have followed, each a direct help in making dairy farming the most important branch of agriculture in America. Today, milk from American farms is shipped and sold as dairy products throughout the world.

Borden has been selling milk products to the world since the turn of the century. Borden men along with others are working every day in home and foreign markets to increase still further, the use of milk and milk products.

This year-after-year effort is one reason why milk is the largest single source of income for the American farmer.

## Ed Hardin Spoke Tuesday of Trip Abroad at Rotary

Ed Hardin of Amarillo told of his impressions while traveling abroad at the weekly luncheon of the Rotary Club Tuesday. Mr. Hardin was brought here for the program by the International Relations committee and was introduced by Donald Trolinger.

Mr. Hardin explained that travel was his hobby, and he has visited all parts of the world. He has attended Rotary on every continent of the globe, and had been greatly impressed by the seriousness with which Rotary is taken in the various countries.

Iceland had a government 500 years before the United States was discovered, stated the speaker, as he reviewed his trip last fall. The country has no coal or wood, but plenty of hot geysers which are used for laundry and heat for the homes. There are no railroads. Fishing is the principal occupation.

The trip taken by Mr. Hardin then proceeded north to North Cape, the most northernly tip of Europe. The sun was shining throughout the 24-hour day when he was on the boat.

Laplanders were described as the people inhabiting the northern region. There is no country bearing this name, but the people of all nations are designated by that name. Going south the boat came to Norway. Mr. Hardin stated that he was convinced on a previous trip that no part of the world was so beautiful as Alaska, but on this trip Norway convinced him as being superior to Alaska in scenery.

The people of Norway have little wealth but every small plot of land is utilized. They are sturdy, clean, and keep their places in the very best condition.

Mr. Hardin stated he did not like to talk of Russia, as he could not agree with so many who have approved what was going on there. He stated that the preconceived notion of the visitor was the impression one would receive on his visit in Russia. Mr. Hardin stated that he was not in sympathy with the dictators of Russia, Italy, and Germany, and after visiting these nations had not changed his mind. The governments run everything; tell the people what they can and cannot do. The government of Russia is not efficient. With an area of one-sixth of the globe and unlimited resources it has of course made progress with the industrial plants built by Americans, but Russia has not made the progress as seen in other nations. The visitor is shown the things which will make the most favorable impression upon him.

Mr. Hardin stated that the more he saw of other nations, the more he loved America, American ideals and American government.

Visitors present were: Arch Huntsley, Arthur Osgood, and Mr. Hardin, all of Amarillo.

## Legislature Opens Session Tuesday; Gov. Gives Plan

The 45th legislature of Texas opened Tuesday at Austin. Both Senator Clint Small and Representative G. H. Little from this district were present at the opening session.

Governor James V. Allred addressed the session yesterday, giving a report on his first term of office.

Governor Allred declared that he is opposed to liberalizing the old age pension law and that he will veto any measure which might be passed to change the law.

Other recommendations made were:

Extension of the Social Security program to the blind, crippled dependent children and others entitled to assistance under the federal laws:

Regulation of utilities to compel reduction of rates.

Tightening of the drivers' license law and more effective regulation of trucks and buses in the interest of safety.

Enabling laws to make effective constitutional amendments creating a new pardons board and authorizing trial courts to place defendants on probation.

Giving the volunteer parole boards legal status.

Legislative representative redistricting.

Ratification of the child labor amendment to the federal constitution.

Raising additional revenue for old age assistance and general purposes.

## Use of Liquor Increase With Repeal of Prohi

"You can't make man good by law and you shouldn't make man bad by law" was the topic discussed by J. Raymond Schmidt, National Civic Union representative from Washington D. C., speaking at W. T. yesterday.

Mr. Schmidt pointed out several problems which the government is meeting since the repeal of prohibition. He said the repeal was made to reduce taxes but for every dollar collected as liquor revenue the average citizen pays seven. "There are saloons everywhere, spending from twenty to thirty million dollars per year to sell the liquor habit to American youth," he declared, "and there is more danger of alcoholizing the human race today than ever before."

The speaker stated that from the economic standpoint, it might be interesting to note that a large percent of the laborers are spending more than half their income for liquor. Over eight billion dollars have been spent for liquor in the past three years. The government has collected much revenue, but, they are building six new penitentiaries and have a larger force of law inforcing officers than ever before. In 1936 seven thousand five hundred people were killed in automobile accidents, many of which were caused by drink.

Mr. Schmidt said that alcohol was tearing down the human race. Statistics show that the insane institutions are alarmingly growing, due to alcoholized minds and bodies.

## Farmers Banquet

(Continued from first page)

highly complimented the local association for the large attendance at the annual meeting and the condition of the local organization. "The men who have loans are owners of this organization, and the more interest taken in its business the stronger it will be," stated Mr. Murray.

W. D. McGehee of Wayside responded for the association thanking Mr. Murray for coming to the meeting.

H. T. Neeley, secretary of the Amarillo association, brought greetings from his group and complimented the Canyon organization.

Miss Allie Dozier, Home Demonstration Agent, talked of the work of the Home Demonstration clubs as dealing with human erosion. She explained to the men present the work being carried out by the clubs in the county in the way of planning, growing and canning foods; study of clothing; home improvements; home industries; child development; recreation.

Clyde Warwick praised the national administration for the work which had been done for the farmers, and the machinery set up by which the farmers could help themselves through co-operative work and plans.

G. G. Foster read a letter from the Federal Land Bank as to the election of directors and officers for the coming year.

J. W. McCrerey reported for the directors as to the meetings held and the condition of the association.

Mr. and Mrs. C. S. Sanford and Wayne have returned from California where they spent three months visiting relatives and friends.

## Appointed Secret Service Chief

Frank J. Wilson, above, was named new chief of the United States Secret Service after William H. Moran, veteran head of the famous corps of officers, retired at the age of 72. Wilson had been acting chief of the Secret Service since September. Principal duties of the Service are to protect the president and guard against counterfeiting of the nation's currency.

A visitor this week in the W. H. Carter home is her brother, Calvin Moulton of Bently, Alberta, Canada. This is his first visit to the U. S. A. in 26 years. He stopped off in California before coming here and will visit relatives in Kansas, Iowa and Montana before returning to Canada. Mr. Moulton, Mrs. Carter and A. A. McMillan visited in the M. S. Jenkins home at Pampa Saturday and Sunday.

## Swearing in the 75th Congress

Facing problems of momentous economic and social importance, the 75th Congress convened Jan. 5 for its first time under provisions of the "lame duck" amendment. Here is a general view of the House of Representatives as Congress went into session. Speaker William B. Bankhead is shown swearing in new members.
